

**How much do we hope to raise through our  
Building Our Legacy Campaign?**

**Campaign Goal: \$1,300,000**

**Stretch Goal: \$2,000,000**

**Challenge Goal: \$2,600,000**

*The challenge goal represents the total cost estimate of all 5 proposed projects.*

Once we ensure structural integrity, support our vibrant music program, and enhance accessibility, additional gifts will allow us to focus on these areas:

**Building Our Legacy: Through Warmth  
Improve Heating Efficiency**

Keeping a building of this size an even, comfortable temperature is complex. We will upgrade our thermostat system and refit or replace the boiler to create a more comfortable space and reduce heating costs.

**Building Our Legacy: Through Beauty  
Renovate the Sanctuary**

We will restore the sanctuary's beauty by repairing, replastering, and repainting the interior.

**Building Our Legacy** is more than building renovations. **Building Our Legacy** means providing a space for our congregation and community to gather, connect, and grow in the beauty of holiness, giving us a precious treasure to give to the generations after us.

## STEP 4: HAVE FAITH IN SUFFICIENCY, NOT SCARCITY

---

Our faith teaches us that God will provide for all our needs. When we trust God the same way Abraham and so many others in the Bible did, we learn what we might call The Abundance Assumption: knowing God will provide for us. This opens us up to the spirituality of generosity.

*With language adapted from Six Steps to Joyful Giving, written by Dr. Bob Gronlund*
